LETTER OF SUPPORT – ASSOCIATED PARTNER

With this letter I, the undersigned, representing **Agrupamento de Escolas Amadeo de Souza-Cardoso, Rua Comendador José de Abreu, nº 189, 4600-759 Telões AMT** express support and interest in participating as associated partner to the project proposal named: *G4E – GEEKS FOR EDUCATION – inclusive teaching and learning of digital and green skills for STEM by leveraging tech hubs and non-formal education.* to be submitted to the ERASMUS + National Agency of France in the framework of the school education Strategic Partnership 2020.

The project, under the coordination of Centrale Lille, aims to build on existing good practice, develop an innovative model that can facilitate transformative and inclusive learning on digital and STEM competences, in collaboration between innovators, non-formal education and the formal education system.

In particular, our school will Identify 2 teachers and trainers willing to participate in joint staff training with other European partners, Identify at least 3-5 teachers to attend local-level training for teachers and technical staff of the school; Test the new STEM educational formats with at least 1-2 classes of students, both through curricular and/or extracurricular activities; Promote the project's results within my school, and other partner schools in the area of operations; Cooperate with (name of local partner) for further dissemination of the project, for example making available venues for the implementation of the activities, and take-up the innovation of the project and to achieve the foreseen impact.

The contact person for the school in case of approval will be:

Name: **Joaquim Artur Pereira Correia**
